KEY Pointer to Remember

- Buy a Test Series
- Buy a Previous Year Book
- Create Your account on GATEOVERFLOW
- Use Chatgpt, deepseek and grok to enhance your learning
- Make your own Notes
- Revision is must
- Most importantly, Believe in yourself even when no one is watching you.

To maintain the transparency:

I prepared from RBR sir pirated course

I bought test series of MadeEasy

I also had Previous year book of MadeEasy(But solution of that book were wrong, that's why I used to read solution at gateoverflow)

Best Wishes From My side, Once you crack GATE exam, then I will also help you to get placed in Top Product Based Companies.
